2.2.13	The system of Ukrainian education: principles, types, levels of education, types of educational institutions (according to the Law of Ukraine "On Education" (current edition).	0,5-1,5	High
3	SECTION 3. METHODS OF RESEARCH IN PEDAGOGY AND PSYCHOLOGY	13-17	
3.1	Planning and Quality Assurance of Research	3,5-4,5	
3.1.1	Scientific research in Pedagogy and Psychology: varieties, problems, purpose, tasks, object, subject.	0,5-1,5	High
3.1.2	Research program: structure, requirements, stages and hypotheses. Research hypotheses: theoretical, empirical, statistical	0,5-1,5	High
3.1.3	Sample research method: general population, sample and its qualities	0,5-1,5	High
3.1.4	Quality of information: representativeness, validity, reliability.	0,5-1,5	High
3.2	Information Collection Methods	7-9	
3.2.1	Observation, its features, and the role of the observer.	3,5-4,5	High
3.2.2	Experimental method of Psychology: types, stages and features.	0,5-1,5	Middle
3.2.3	Testing, its types and features.	0,5-1,5	High
3.2.4	Survey methods: questionnaires, interviews, expert surveys.	0,5-1,5	Middle
3.2.5	Expert surveys (expert assessment method). Types and procedures of expert interviews	0,5-1,5	High
3.2.6	Sociometry: application procedure and tools.	0,5-1,5	Middle
3.2.7	Method of analysis of products of activity (analysis of documents and content analysis)	0,5-1,5	High
3.3	Methods for analysing empirical data	2,5-3,5	
3.3.1	Measurement and its features.	0,5-1,5	High
3.3.2	Descriptive statistics.	0,5-1,5	High
3.3.3	Correlation relationship between variables and	0,5-1,5	High

	correlation coefficients.		
4	CHAPTER 4. APPLIED PSYCHOLOGICAL AND PEDAGOGICAL PRINCIPLES OF EDUCATION, TRAINING, UPBRINGING AND PERSONAL DEVELOPMENT	40-50	
4.1	Education and training of the individual	18-22	
4.1.1	Didactics as a theory of education and training. The concept of didactics. The subject and tasks of modern didactics. The main didactic categories: the purpose of learning, patterns and principles of learning, the learning process, methods and means of teaching, the content of training, organisational forms of training and quality control of knowledge, skills, and competence. Achievements of didactics at the present stage of school development.	1,5-2,5	High
4.1.2	The learning process as a holistic system. Methodological foundations of the learning process (essence, goals, components, structure, laws, integrity).	2-3	Middle
4.1.3	The main functions of the learning process. Characteristics of the principles of learning.	0,5-1,5	High
4.1.4	Content of education. The concept and essence of the content of education. Implementing the principles of humanisation, humanitarianisation, fundamentalisation, individualisation, informatisation and differentiation in determining education content.	0,5-1,5	High
4.1.5	The structure of students' educational and cognitive activity (perception – comprehension – understanding–generalisation–consolidation). Cognitive interest, conditions for its development in learning. Stages and levels of knowledge acquisition.	0,5-1,5	High
4.1.6	Teaching methods. Their characteristics and classifications by: source of information (verbal, visual, practical); the nature of cognitive activity (explanatory and illustrative, reproductive, problematic presentation, exploratory); logic of cognition (inductive, deductive, traductive). General requirements for the choice of teaching methods.	2-3	Middle
4.1.7	Teaching aids: their features, functions and characteristics. Technical means of teaching	0,5-1,5	High

	(visual, auditory, audiovisual, multimedia, information and communication).		
4.1.8	Types of learning (explanatory and illustrative, problem-based, programming, individual, integrated, differentiated, playful, distance). Competency-based approach to learning.	0,5-1,5	High
4.1.9	Forms of organisation of educational and cognitive activity of students: frontal, group, cooperative, collective, pair, individual.	0,5-1,5	High
4.1.10	The lesson as a form of organisation of learning. Types and structure of lessons for didactic purposes. Requirements for teacher preparation for the lesson.	0,5-1,5	Middle
4.1.11	Active (socio-psychological) forms of organisation of the educational process, their varieties: training, debate, business game, round table, Olympiad, competition, exhibition of student creativity.	0,5-1,5	High
4.1.12	Extracurricular forms of education: optional classes, professional seminars, workshops, excursions, educational subject circles, additional group and individual lessons, and students' homework.	0,5-1,5	High
4.1.13	The concept of learning control and its functions. Types, forms and methods of control. Levels of educational achievements of students and their characteristics. Criteria and norms for assessing student performance. Current, thematic and final assessment.	1,5-2,5	Middle
4.1.14	Concepts and types of pedagogical technologies (developmental, practical, problem, game, interactive).	0,5-1,5	High
4.1.15	Pedagogy of partnership: pedagogically expedient (subject-subject) interaction, conceptual foundations and principles. Levels and forms of organisation of partnership interaction.	0,5-1,5	High
4.2	Personality education	8-12	
4.2.1	The essence and structure of the education process, its purpose and objectives, the concept of educational influence and mutual influence.	0,5-1,5	High
4.2.2	Principles of the Upbringing Process. Characteristics of the basic principles of education.	0,5-1,5	High

4.2.3	The content of the process of education. A systematic approach to structuring the content of national education. The main directions of national education (moral, civic-patriotic, mental, aesthetic, physical, valeological, labour, environmental, gender, legal, economic).	1,5-2,5	Middle
4.2.4	Self-education: essence, methods and techniques. Pedagogical guidance of students' self-education. The concept of person-centred education.	0,5-1,5	High
4.2.5	Methods of education. Groups of methods: formation of consciousness of the individual; organisation of activities and formation of experience of social behaviour; stimulation of behaviour and activity; control, self-control and self-esteem in education.	2-3	Middle
4.2.6	Forms of the educational process organisation: extracurricular, extracurricular and extracurricular educational work. Mass, group and individual forms of educational work.	0,5-1,5	High
4.2.7	Educational interaction "teacher-student". Partnership between school and family in the education of students. Family as a socio-pedagogical environment. Forms and methods of school work with the parents of students.	0,5-1,5	High
4.2.8	Student self-government, its types. Student self-government bodies. Democratic management and leadership in student self-government. Formal and informal groups of students.	0,5-1,5	High
4.3	Personality in life and professional space	12-16	
4.3.1	Socio-psychological structure of personality. Social status: concepts and types (official and informal, attributed and obtained). Social roles: concepts and types (active and passive, explicit and latent). Social position of the individual.	1,5-2,5	Middle
4.3.2	Gender and gender. Masculinity. Femininity. Androgyny. Gender identity. Gender identity crises. Gender stereotypes (concepts, types, social and pedagogical functions and influences). Gender roles. Gender bias and discrimination. Sexism.	1,5-2,5	Middle
4.3.3	Professional activity: concepts and stages of professionalisation (professional self-determination, professional training, professional adaptation, professional	1,5-2,5	High

	development, professional realisation, completion of professional activity). The teacher as a subject of professional activity.		
4.3.4	The personality of the teacher and his pedagogical skills. Motivation and stimulation of professional activity (according to the hierarchy of needs of A. Maslow). Professional (emotional) burnout of the teacher.	0,5-1,5	High
4.3.5	Communication in pedagogical activities. Components of communication (communicative, perceptual, interactive). Barriers to pedagogical communication.	0,5-1,5	High
4.3.6	Conflicts and conflict situations. Types of conflicts (intrapersonal, interpersonal, intragroup, intergroup). Conflicts in the educational environment. Styles of behaviour in conflict (rivalry, avoidance, compromise, cooperation, adaptation)	0,5-1,5	Middle
4.3.7	Prevention (psychological education, non-discrimination, material and moral encouragement, adherence to corporate culture) and resolution (reaching a compromise or cooperation) of pedagogical conflicts. Mediation as a form of conflict resolution.	0,5-1,5	High
4.3.8	Deviant behaviour of the individual. Concepts and types (positive and negative) of deviation. Suicidal and addictive behaviour. Bullying. Mobbing. Ageism. Levels of deviant behaviour. Social and psychological factors of deviant behaviour. Prevention of deviant behaviour: education, social advertising, training programs, and creating a situation of success.	1,5-2,5	High
4.3.9	Management in the education system. Managerial activity. Leadership, guidance, and support in the professional activity of a teacher. Leadership styles (authoritarian, democratic, liberal). Corporate (organisational) culture.	1-2	High
